Objective

Highly motivated and disciplined Computer Science student with a strong foundation in C++, Data Structures & Algorithms (DSA), and app development. Seeking an internship opportunity to apply my technical skills, problem-solving abilities, and passion for software development in a real-world environment.

Education

Bachelor of Technology in Computer Science

Galgotias University – Greater Noida

CGPA: 8.3/10 (Till 4th Semester)

Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Software Development

Higher Secondary Education (12th Grade)

Central Public School – Lucknow

Percentage: 80%

Secondary Education (10th Grade)

Y.M.C.A. Centenary School & College – Prayagraj

Percentage: 94%

Technical Skills

- Programming Languages: C++, Java (Basics)
 - Data Structures & Algorithms: Proficient in problem-solving on platforms like LeetCode
 - App Development: Basic knowledge of Android app development using APIs and OOP concepts
 - Tools & Technologies: Git, Android Studio, Dart
-

Certifications

- Mastering Data Structures & Algorithms in C++ – Udemy (Top-Rated Course)
 - Software Engineering and Testing Methodologies - NPTEL (IIT Kharagpur)
-

Projects

Sorting Algorithm Visualizer

- Developed a Flutter-based mobile application that visually demonstrates sorting algorithms.
- Features include step-by-step animations, adjustable speed controls, and interactive UI.
- Implemented Selection Sort, with Merge Sort and Quick Sort in progress.
- Technologies Used: Flutter, Dart, GetX

Recipe App

- Developed a fully functional recipe app using Android Studio, integrating APIs and implementing Object-Oriented Programming (OOP) concepts.
 - Features include recipe search, categorization, and a user-friendly interface.
 - Technologies Used: Android Studio, APIs, Flutter, OOP
-

Achievements, Soft Skills & Interests

- Strong problem-solving skills: Actively solving problems on LeetCode.
 - Quick learner & disciplined: Completed a top-rated Udemy course on DSA in C++.
 - Technical Interests: Exploring new technologies & frameworks in app development.
 - Soft Skills: Team player, excellent communication, and time-management skills.
-
